 - Garic was injured when he was four years old as he and his parents were fleeing from the Bosnian war. A grenade exploded above his mother's head and a piece of it struck Garic's back, leaving him unable to use his legs ever since. Garic and his parents came to the U.S. in 2000, and shortly thereafter he got involved with the Sitrin Stars Program, which is how he was introduced to wheelchair racing.
