**BEAN BAG TOSS**

Create a bullseye with as many circles as you’d like! Each circle is worth a different point, with the middle being the most points scored. Then, draw a line to keep the throwing area fair for everyone.

**PAC-MAN TAG**

Use your creativity to design a Pac-Man game field outside! One person will be Pac-Man and the rest will be Ghosts. Once a Ghost has been tagged, they must stand outside of the playing field. The main rule in Pac-Man Tag is...

“Keep your FEET on the LINES!”

**TWISTER**

Pick four colors of chalk to use when creating your Twister circles. Space your circles however challenging you’d like the game to be. One person will monitor the game and call out colors, hands, and feet! “LEFT FOOT GREEN!”
